SPRINT RETROSPECTIVE

SPRINT RETROSPECTIVE OBJECTIVES

01	What worked or went well?
02	What caused problems, failed to work properly, or did not go well?
03	What can be done differently in the next sprint to improve the process and overcome the problems occurring previously?

What worked or went well?	What should be continued?
Team Communication	Regular Meetings and defined times
Task Ownership	Motivation towards undertaking tasks
Documentation	Continue simultaneously
Deadline punctuality	Continue having well-defined deadlines
Learning new Technology	Keep discussing and solving challenges

What failed to work properly?	What can be improved?
Front-end and back-end communication	Documenting APi's and 'integration meeting'
Monitoring/Activity on Trello	Assign Responsibility for reviewing tasks and higher activity
